MEMORANDUM FOR THE RECORD:

SUBJECT: Treasury draft letter on Amendment to
Diplomatic Security bill which would repeal
District of Columbia law requiring that no
demonstrations take place within 500 feet of
foreign embassies located in the District

1. On 15 July 1986 I called Annette Rooney of OMB and relayed the Agency position on the above described draft letter. The letter was strongly critical of the amendment for a number of security and safety reasons. Accordingly, we had no objections to the letter.

2. This call to OMB is completed action with respect to
